Boston, MA 02127

Brandon has worked on a variety of public projects including schools, sports fields, parks and playgrounds, streetscapes, and public pools and splash pad facilities. His experience in the public sector has given him a strong knowledge in designing for public needs, accessibility and community involvement.

Prior to joining Warner Larson, Brandon was an instrumental team member in the design of two award winning park projects in Somerville, MA. His previous experience in a multi-disciplinary firm has given him valuable coordination skills with various related fields to ensure projects are designed successfully.

Brandon's responsibilities include conceptual design, construction document preparation and coordination, specifications and construction observation. His commitment to quality design, sustainability and client satisfaction is a driving force behind his work.

Warner Larson is an award winning landscape architectural firm integrating comprehensive site design, engineering and permitting services for academic institutions, athletic facilities, parks & playgrounds, commercial developments and residential projects throughout Greater Boston and New England.
